NH FY13 EOY Report P&C List.xls

Deb,

FYI, this is a much more user friendly format to review.

To NH P&C List Senior Program Managers

The New Hampshire Department of Environmental Services has submitted an End-of-Year PPA progress report for the year ending 9/30/2013 which is attached for your review. The attached report is in the form of the Priorities and Commitments excel spreadsheet with the End of Year Status Column and a comments column. We had requested the states complete these columns. NH DES also continues to submit the more detailed MTRS reports which are in the Q share/PPA files/NH 2013 End of Year report file folder.

To ensure appropriate documentation of your review for your program areas in the PPA and PPG files by June 6, 2014 please,

● ☐ ☐ ☐ ☐ ☐ ☐ Affirm that you have received and reviewed the report and do not have concerns about NH's progress for the reporting period with an e-mail to me, Jen Brady (Brady.JenniferL@epa.gov), or if I do not hear from you by June 6, I will assume you have no concerns.

•□□□□□ Communicate your concerns or suggestions for improvement to your State counterpart and copy, Vince Perelli, Chief of Planning at Vincent.perelli@des.nh.gov and me at Brady.JenniferL@epa.gov

This message is being sent to the NH P&C List Managers. Please forward to NH P&C List technical contacts in your group as needed.

Thanks!

Jen Brady (Padula)
